

## Emergency & Fire Safety

Things you need to mention...

- If we need to evacuate
  - Head to the tree out front labeled with a yellow triangle
  - Don't drive away, wait til we do the head count to insure everyone's safety
  - No chaos, no jokes, no messing around.
- If someone gets hurt
  - Make sure you're safe before taking action
  - Go to the safety station
  - Alert a safety team member or mentor
  - If someone is bleeding out and you forgot your Stop The Bleed training, we have easy to read instructions hanging in the safety station
  - Fill out an incident report afterwards
- To prevent fires, be sure to sweep. Wood shavings are not the best thing to leave on the floor.
- Be careful using tools that generate heat, such as heat guns and soldering irons. Be aware of objects that may be in the vicinity of the heat source and may catch fire. Also, be aware that these tools often retain heat after being shut off, and should be set down only on appropriate surfaces.

## Bullying/Internet Safety

- Boneyard is a bully free zone. We welcome and accept all. It is unacceptable to make fun of or bully ANYONE on or off the team.
- Bystanders are guilty too. If you see something, do something
- Avoid gossip and rumors.
- When you are on the internet stay aware of the information you put out there
- Be careful what you download
- Choose strong passwords
- Be careful what you post
